

Fees:

Fees include all meals, snacks, formula for babies, nappies, sun cream and one extracurricular activity from external childcare professionals. Fees are due in advance; parents are invoiced during the last week of the month - all fees are to clear into our account by the 5th. There is no refund for sickness or holidays

Fee increases are calculated based upon the previous year's running costs and predicted increases from rent, wage increases etc. Parents will receive two months' notice prior to any increase.

Fees are calculated based on the 52 weeks of the year, and then rounded up on average into 12 monthly payments. Monthly payments will include Bank and Public holidays, and Christmas closure which are payable in full despite closure, as our monthly costs remain the same.

Fees can be paid in conjunction with Childcare Voucher Schemes (check with your work which voucher scheme they work with); FountNursery are happy to accept any additional proposals parents wish to use to offset fees.

Plans

A minimum of two full days is required.

Below is a table detailing fees from November 2020.
